

Murka 2 Wins the 2007 ARC Race Overall

In an outstanding achievement, Murka 2, the Russian-owned, sleek and British racing green Swan 45 delivered her crew safely across the Atlantic Ocean from Las Palmas de Gran Canaria to St. Lucia in the Caribbean.

On December 8, 2007 at 21:59:02, Murka 2 and her brave crew battled the savages of sea squalls and the boredom of the doldrums to be one of the first yachts to arrive to Rodney Bay in St. Lucia. Through their sailing expertise and unrivalled perseverance, Murka 2 made history to claim their trophy:
